MANDATORY SAFETY PROTOCOLS FOR TEST APPLICANTS DUE TO COVID-19

- Temperature check prior to entering the testing site.
- Social distancing while waiting to enter the testing site.
- Social distancing by spacing test applicants in the test room.
- Requirement to wear a mask.
- Test applicants must sanitize hands prior to entering the testing site and each time they re-enter facility.
- Staff will direct test applicants to safely enter and exit the premises.
- Maximum ten (10) test applicants will be allowed in the room at any given time.
- Test site classroom(s) will be thoroughly cleaned and disinfected prior to test applicants entering the classroom and immediately after the last test applicant leaves the classroom.
- Staff will be present to discourage congregation of test applicants while waiting to take the test or after exiting the exam room.
- Test applicants will not be allowed to bring any materials into the classroom except self, personal clothing, and vehicle/house keys.
- Test applicants will need to specify upon registering if any special accommodations are required while taking the test to help staff prepare accordingly.
- Test applicants will be encouraged to bring water and nourishment with them. However, they must leave it in their vehicle or if no vehicle, the items must be left outside the test site in a secure location. Access to these items will be during break times or in between testing sections.
