Resources for Applicants with Not-Passing /Passing Test Scores

April 17, 2025

We will mail the Test Result Letter thirty (30) days after closing of the last exam date, which is July 19, 2025. We will mail your letter by August 31, 2025. In this letter, we will include your test results, the minimum passing score required, and the highest test score achieved. This will give you an understanding where you rank compared to all applicants that took the exam.

If your Apprenticeship Test 2025 battery score in mathematics, reading, or language test score is lower than the allowable cut score for list placement, you may contact a counselor at LATTCC (Los Angeles Trade Tech Community College) for developmental courses or an intervention to improve your skills and prepare for success in college-level courses in relationship to the construction trades. In addition to other factors, your placement is determined through the results, and we can assist you with a counselor for consideration of your selected major or other college-programs. If you are not satisfied with your score, you may retake the exam at the next opening in thirty-six (36) months.
