Brothers and Sisters of the community, the Operating & Maintenance Engineers Apprenticeship & Training Trust Fund for Southern California would like to extend an invitation to attend our Open House in honor and celebration of National Apprenticeship Week for 2019.

You will be able to take a glimpse and step into the life of a Stationary/Operating Engineer Apprentice and learn what it takes to become one.

There will be opportunity to interface with instructors, engineers, and other types of individuals who can speak on the fundamentals and intricacies of the trade.

Activities:

- Interactive & Hands-On Demonstrations: Classroom B1 209
  1. Electrical Safety (PPE, LOTO, Arc Flash)
  2. Programmable Logic Controllers
- Tour & Walkthrough of Construction, Maintenance & Utilities Pathway
  1. 11:00 am – 12:00 pm
  2. 1:00 pm – 2:00 pm
- Apprenticeship Booths: (North Quad)
  1. Operating & Maintenance
  2. BioMed
- Employer Booth: (North Quad)
  1. ABM Business & Industry
  2. Able Engineering Services
  3. Kaiser Foundation Hospital
